Intro to United States History II

Welcome to 8th grade U.S. History. This course explores U.S history from the Civil War through World War II. We will look at U.S. history from the perspective of important domestic policies and events that have taken place during various presidencies. We begin our historical journey with the following assignment. We will research our U.S. presidents.

Presidents' Cards

Objective: To make study cards on presidents and significant events:

(Cover all 45 presidents, and make sure you create two cards for President Cleveland since he has odd circumstances.)

1. Purchase index cards.
2. On the front of each card, write the president's name and his dates in office.
3. On the back write his political party.
4. On the back write three significant items about our history under his administration.

Administration means during his time as president- not before or after. Therefore, do not put the Declaration of Independence for Jefferson as that took place before he was president. Also do not put details about his family or personal life. We are studying the events side of his administration.

(Do not use deaths except for William Henry Harrison. Since Harrison was only a month in office, he's the one we struggle with the most.)

5. Be sure to write your source for the information on the back of the card.
6. Place cards on a ring, tie with a ribbon, or place in clear sleeves in a notebook in chronological order.

Example: Front – Abraham Lincoln 1861-1865

Back – Republican Party (first term), Union Party (second term)

1. Issued Emancipation Proclamation to free slaves in rebellious states
2. Won the Civil War in 1865
3. Proposed a "soft" reconstruction plan for the defeated South.

Project value: Presidents Cards (180 pts)

** Bring your completed projects to class on the first day back to school. Have a nice summer!
